

*Short Wave critical Infrastructure Network based on new Generation  
of high survival radio communication system*

## **Final Meeting**

### **AGENDA**

**December 13<sup>th</sup> | 2013**

### **Meeting place:**

*Consorzio Nazionale Interuniversitario delle Telecomunicazioni(CNIT)  
Via Moruzzi, 1 - Pisa; Italy*

- |                      |  |
|----------------------|--|
| <b>09:30 – 10:00</b> | Registration   |
| <b>10:00 – 10:15</b> | Opening<br><b>Enzo Dalle Mese</b>  |
| <b>10:15 – 10:45</b> | SWING: status and closure of the project<br><b>Bruno Zolesi</b>                                  |
| <b>10:45 – 11:15</b> | Coffee break   |
| <b>11:15 – 11:45</b> | SWING System's generalities and structure of the final report<br><b>Cesidio Bianchi</b>          |
| <b>11:45 – 12:15</b> | Design and realization of HF station prototype<br><b>James Baskaradas and Anna Lisa Saverino</b> |
| <b>12:15 – 12:45</b> | HF management communication system and link optimization<br><b>Bruno Zolesi</b>                  |

<b>12:45 – 13:15</b>	High survival HF radio network <b>Michele Morelli</b>
<b>13:15 – 14:30</b>	Lunch
<b>14:30 – 14:50</b>	Internet criticalities <b>Fabrizio Cuccoli</b>
<b>14:50 – 15:10</b>	Determination of the topology of high survival HF radio communication network. <b>Andrea Abrardo</b>
<b>15:10 – 15:30</b>	Identification of Critical Infrastructures in the Mediterranean Sea context and communications' criticalities <b>Irene Fiorucci</b>
<b>15:30 – 15:50</b>	Final recommendations and closure of the financial budget <b>Antonio Meloni</b>
<b>16:00 – 17:30</b>	Visit to the CNIT Laboratories
<b>17:30</b>	Closure
